

Low Voltage Installation and Solution Company

CAPABILITY STATEMENT

Advance Home Automation Inc. (AHA Inc.) has been in business since 1998. Initially, AHA Inc. focused solely on the hi-end residential market. AHA Inc. expanded to offer commercial low voltage installation and solution services. We currently install high definition CCTV surveillance systems, audio/video systems, access control systems, security systems, board room control systems and energy management systems. In 2010, AHA Inc. began during business as AHA Services.

COMPETENCY PROFILE

AHA Services is involved in the emerging video surveillance market by providing clients solutions for upgrading from analog cameras to IP cameras and from standard definition to high definition cameras. AHA Services provides a wireless video solution that protects remote and vacant properties against theft and vandalism. We also provide staffing of qualified low voltage technicians.

BUSINESS AND TRADE AFFILIATION

AHA Services has business and technical trade affiliations with the Georgia Minority Supplier Development Council (GMSDC), the Georgia Burglar and Fire Alarm Association (GBFAA), The Better Business Bureau (BBB), Custom Electronics Design and Installation Association (CEDIA) and the Atlanta Business League.

CERTIFICATION

AHA Services holds certifications with FOA and Systemax. AHA Services also holds minority contractor certification with the State of Georgia, the municipalities of Clayton, Fulton, DeKalb Counties and the City of Atlanta. AHA Services is Cisco and Systemax certified. AHA Services is certified for image and color calibration by Imaging Science Foundation (ISF) and is certified as a home acoustical technician by the Home Acoustics Association (HAA).

DEALERSHIPS

AHA Services is an authorized dealer for Diebold, Axis Communications, DSC, Videofied Honeywell, LG, Home Automation Incorporated (HAI), Russound, AVS, ICRealtime, Leviton, OnQ, DirecTV, Creston, Jamo, ACT and Lutron.

Selected as a HAI Five-Star dealer for 2011.
